3 OBJECTIVE

The purpose of naming the National Team is to identify top-performing athletes who can be internationally successful and raise the level of competition in the USA. Being a member of the National Team is an honor and privilege earned by an athlete's hard work and effort towards being the best in the World.

4 SELECTION SYSTEM

4.1 Minimum eligibility requirements for an athlete to be considered for selection to the National Team

4.1.1 Nationality/Passport requirements

- Citizenship is not an eligibility requirement to compete on behalf of the United States at the 2022 ICF CSP WCH, the 2022 ICF CSP WCS, the 2022 ICF Junior & U23 CSP WCH, and the 2022/23 CSP Pan American Championships.
- Suppose the 2022 or 2023 CSP Pan American Championships are designated as the Qualifying event for the 2023 Pan American Games. In that case, an athlete must be a national of the United States at the time of nomination for the Pan American Championships.

4.1.2 Minimum International Olympic Committee (IOC), International Paralympic Committee (IPC), and/or Panam Sports Organization (Panam Sports) (PAG and PPAG only) standards for participation

Any competitor in the Olympic, Paralympic, Pan American, or Parapan American Games must be a national of the country of the National Olympic Committee (NOC) or National Paralympic Committee (NPC) which is entering such competitor. For additional information regarding an athlete who is a national of two or more countries, has changed his or her nationality or acquired a new nationality, refer to the Olympic Charter (Rule 41), the IPC Handbook (section 2, chapter 3.1), or the Panam Sports Constitution (article 30.5-6).

4.1.3 Minimum International Federation (IF) and/or Continental Federation (CF) (PAG and PPAG only) standards for participation (if any)

An athlete must meet ICF eligibility rules outlined in the [ICF Canoe Sprint Competition Rules](#), Section 1.3 - Athlete Eligibility for ICF Competition (Level 1 to 3).

4.1.4 Other requirements (if any)

- Athletes must be in good standing with ACA at the Team Trials and all National and International competitions.
- Athletes must complete all competition registration requirements by the stated deadline.
- Any athlete age 18 or older is required to undergo a background screening in accordance with the current ACA Background Check Policy.
- Any athlete age 18 or older as of the last day of the competition covered by these procedures is required to remain current with the US Center for SafeSport's education and training requirements in accordance with the ACA/USOPC Athlete Safety Policies.
- Only athletes born from 2004 to 2007 can qualify for the 2022 Junior National Team.
- Only athletes born from 1999 to 2007 can qualify for the 2022 U23 National Team.

4.2 Tryout Events

4.2.1 Competition 1 – The 2022 USA Junior, U23, and Senior CSP National Team Trials are scheduled on Lake Natoma, Folsom, California, April 15-16, 2022.

Competition Scope:

- The 2022 USA Senior CSP National Team is nominated based on the results from the competition.
- The 2022 USA Junior & U23 high-potential athletes are identified and nominated to the pool of athletes from which the coaching staff develops the team boats for the 2022 ICF Junior and U23 CSP WCH.

4.2.2 Competition 2 – The 2022 ACA Canoe Sprint National Championships are scheduled on Harsha Lake, Clermont County, OH, from July 31 to August 6, 2022.

Competition Scope:

- The 2022 USA Junior and U23 CSP National Team are nominated based on the results from the competition.
- 4.2.3 The 2022 USA Junior, U23, and Senior CSP National Team Trials are open to all ACA members meeting the requirements stated in section 4.1.
- 4.2.4 The following fourteen events are featured at the 2022 USA Junior, U23, and Senior CSP National Team Trials, and results are computed independently for each event and the age group

4.3 Method of conducting the national team trials

- 4.3.1 The 2022 USA Canoe Sprint National Team Trials are a two-day competition to nominate athletes to the 2022 Senior CSP National Team positions and identify the pool of Junior and U23 athletes to develop the team boats. All age groups compete in the same event; however, the results are computed separately for Juniors, U23, and Senior athletes.
- 4.3.2 The 2022 ACA Canoe Sprint National Championships are a four-day competition to nominate athletes to the 2022 Junior & U23 CSP National Team positions. Junior, U23, and Senior age groups compete in the same event; however, the results are computed separately for Juniors, U23, and Senior athletes.
- 4.3.3 Canceled races or events
- In consultation with the ACA's GM High-Performance Programs, the Chief Official shall designate additional races to replace the canceled race or event(s) if one or more races or events are canceled for any reason. Any replacement race or event shall be held as soon as possible after completing the final scheduled race. ACA's GM HPP decides whether the replacement race or events shall be organized on the same or an alternate venue.

¹ All events listed as Paris 2024 Olympic Events are also included in the 2022 ICF CSP World Championships

4.3.4 Event order and start interval

The Chief Official establishes the event order, start interval, and the overall schedule after the close of the registration period for the 2022 USA CSP National Team Trials. The HOC communicates the competition schedule to athletes and officials no later than 6 pm local time a day before the first day of the competition. A minimum of 45 minutes between each race must be provided to athletes competing in two events.

4.3.5 Boat seeding in heats

The top three boats in an event from the 2021 USA Olympic Canoe Sprint Team Trials shall be seeded in the center lanes in the same event at the 2022 USA Canoe Sprint Team Trials. All other boats are considered unranked boats. The unranked boats are seeded by random draw. For clarity and removal of doubt, the following events qualify for seeding based on the results from the 2021 USA Olympic Canoe Sprint Team Trials:

Table 3: Events eligible for boat seeding based on the results from the 2021 USA Olympic CSP Team Trials

Women's	Men's
C1 200m	C1 1000m
C1 500m	K1 1000m
K1 500m	----
C2 500m	----
K2 500m	----

The difference in the number of Women's and Men's events eligible for seeding based on performance at the 2021 USA Olympic Canoe Sprint Team Trial is due to the change in the Olympic events between the Tokyo and Paris Games.

4.3.6 Applicability of the results of the 2022 USA CSP Team Trials

4.3.6.i Senior National Team

- The results of the Team Trials determine which boat is eligible for nomination to the 2022 USA CSP National Team, i.e., boat eligibility to compete in the 2022 ICF World Cup Series and 2022 ICF CSP World Championships.
- Determine eligibility to receive the National Team coaching, potential funding from USOPC/ACA, and other benefits that the USOPC/ACA may provide from time to time.
- All eligibility and services apply to the qualified boats from the 2022 USA CSP National Team Trials until ACA organizes subsequent USA CSP National Team Trials.
- A boat that does not accept the National Team nomination has no rights to these benefits.

4.3.6.ii Junior and U23 National Team

- The 2022 USA Junior & U23 CSP Team Trials determine the pool of athletes eligible for participation in the National team boat development and coaching program.
- Athletes that qualify for the Senior National Team at the 2022 USA CSP Team Trials are nominated for the Junior or U23 National Team. These athletes are not required to attend the 2022 ACA CSP National Championships if they compete at the 2022 ICF CSP WCH; however, they are expected to attend the National Team Camp(s) following the 2022 CSP WCH and the 2022 ACA CSP National Championships if applicable.

4.3.7 Applicability of the results of the 2022 ACA CSP National Championships

- The results of the 2022 ACA CSP National Championships determine which athlete/boat is eligible for nomination to the 2022 USA Junior & U23 CSP National Teams, i.e., athlete/boat eligibility to compete in the 2022 ICF Junior & U23 World Championships. The final selection of the USA CSP Team Boats is determined through participation at the National Team Camp(s).

4.3.10.v.5 Final selection of Junior & U23 Women's and Men's K2, K4, C2, and C4 boats

The ACA Junior & U23 Canoe Sprint Team coach(es) nominates athletes for the K2, K4, C2, and C4 team boat positions based on demonstrated performance during the Junior & U23 National Team training camp(s) from the pool of athletes selected to compete in the Junior & U23 WCS. The coach(es) must provide nominations, supporting results, and written rationale to the ACA CSP Athlete Selection Committee for review and approval no later than a day after the completion of the last Junior & U23 National Team training camp before the 2022 ICF Junior & U23 CSP WCH or at least five (5) days before the start of the 2022 ICF Junior & U23 CSP WCH, whichever is earlier.

4.3.10.v.6 The ACA Junior & U23 Canoe Sprint Coach(es) nominates athletes for the remaining non-Olympic events, positions based on demonstrated performance during the Junior & U23 National Team training camp(s). The coach(es) must provide nominations, supporting results, and written rationale to the ACA CSP Athlete Selection Committee for review and approval no later than a day after the completion of the last Junior & U23 National Team training camp before the 2022 ICF Junior & U23 CSP WCH or at least five (5) days before the start of the 2022 ICF Junior & U23 CSP WCH, whichever is earlier.

5 DISCRETIONARY SELECTION (if applicable)

5.1 Provide a rationale for utilizing discretionary selection (if any)

Development of Canoe Sprint Team Boats is a complex process that requires longer-term analysis and synchronization of two or four athletes, which cannot be accomplished during the Team Trials. Once the athlete pool for team boats has been selected at the Team Trials, the National Team Coach is responsible for assembling a combination of athletes to compete as a team to achieve the highest possible standard. This process should represent the ACAs values of fairness, objectivity, and performance. In a sport with many confounding variables, it is difficult to control for any eventuality in judging the ability of an athlete to improve the performance of a team-boat.

Variables that coach(es) need to consider include, but are not limited to:

- the interaction of differing athletes' techniques
- proficiency in particular team boat specific skills such as timing
- availability of equipment (e.g., K2 boats for seat assessments)
- time to develop different combinations of athletes
- changing conditions that can make timing unreliable
- the cohesiveness of the team boat athletes

To assemble the best possible combination of individuals from the athletes' pool, the responsible National Team Coach must have the ability to devise the best possible selection process considering the above and other applicable variables.

5.2 List the discretionary criteria and explain how they will be used (if any)

The responsible National Team Coach(es) develop the Team Boat selection criteria considering the available athletes' pool and the variables outlined in section 5.1. The Team Boats representing the US at the International Competitions are determined based on the objective performance such as stroke rate, distance per stroke, and times measured on a test course.

- 5.3 Provide the name of the ACA CSP Athlete Selection Committee that will be responsible for making discretionary selections, along with a complete list of the members' titles currently serving on the committee.
1. ACA Canoe Sprint National Team Coach, i.e., *Canoe Team Boats Coach* (reviews and votes on a proposal for kayak team boats)
 2. ACA Canoe Sprint National Team Coach, i.e., *Kayak Team Boats Coach* (review and votes on a proposal for canoe team boats)
 3. USOPC Athletes' Advisory Council Representative²
 4. ACA GM High-Performance Programs
- 5.3.1 The process used to identify and handle any potential conflicts of interest involving a member of the committee
Any member of the selection committee that has a possible conflict of interest must disclose it. If such conflict exists, the selection committee member must recuse him/herself from committee discussions and voting. Further, the committee member should not otherwise influence other members of the committee in the selection process. However, a committee member who recused him/herself, but who has relevant and necessary information with respect to athlete performance, for example, a national team coach or high-performance director, may, if requested by the selection committee, provide such information to the committee so long as such information is provided in a fair and unbiased manner and the committee member who declared the conflict of interest does not vote toward the final decision.
- 6 REMOVAL OF ATHLETES
- 6.1 An athlete who is nominated to any 2022 USA CSP National Team (Junior, U23, or Senior) may be removed for any of the following reasons, as determined by the ACA
- Voluntary withdrawal. The athlete must submit a notice via an email to the [ACA Executive Director](#), and a copy to [GM High-Performance Programs](#) and the USA CSP National Team Coach(es).
 - Injury or illness as certified by a physician (or medical staff) approved by the ACA. If an athlete refuses verification of his/her illness or injury by a physician (or medical staff) approved by the ACA, his/her injury will be assumed to be disabling, and he/she may be removed. The athlete must submit an email with appropriate documentation to the [ACA Executive Director](#) and a copy to [GM High-Performance Programs](#) and the USA CSP National Team Coach.
 - Failure to participate in Mandatory Training and/or Competition as defined in section 12 of these procedures.
 - Violation of the ACA Athletes' Code of Conduct or any ACA Athlete Agreement violation.
An athlete removed from the National Team pursuant to this provision has the right to a hearing per the [ACA's Grievance Policy Gov-013](#) and the [USOPC Bylaws, section 9](#).
- 6.2 An athlete may be removed as a nominee to the National Team or from the National Team for an adjudicated violation of IOC, Panam Sports, IPC, WADA, ICF, USADA and/or USOPC anti-doping protocol, policies and procedures, as well as the U.S. Center for SafeSport Code, the USOPC Athlete Safety Policy and ACA's SafeSport policies, as applicable.

² If the USOPC AAC Representative has delegated authority to the Alternate AAC Representative to sign the Selection Procedures, attach a letter from the AAC Representative indicating the reason he/she has delegated authority. Signature by the Athlete Representative constitutes that he/she has read and understands the Selection Procedures. If the Athlete Representative reads and does not agree with the Athlete Selection Procedures being submitted by the ACA, he/she may submit those reasons in writing to his/her Sport Performance Team.

ACA General Manager High-Performance Programs	Rok Sribar		02/22/2022
USOPC Athletes' Advisory Council Representative*	Kenny Kasperbauer		02/22/2022

* If the USOPC AAC Representative has delegated authority to the Alternate AAC Representative to sign the Selection Procedures, attach a letter from the AAC Representative indicating the reason he/she has delegated authority.

* Signature by the Athlete Representative constitutes that he/she has read and understands the Selection Procedures. If the Athlete Representative reads and does not agree with the Athlete Selection Procedures being submitted by the ACA, he/she may submit those reasons in writing to his/her Sport Performance Team.

* If, for some reason, a sport does not have an elected USOPC AAC Representative, the ACA must designate an athlete from that sport to review and sign the Selection Procedures.
