The races were run on a roughly 4-mile section of the Arkansas River from Vallie Bridge to Trading Post. Water level varied around 780 cfs +/- . (Although shallow in some places, this is generally a very good water level for open canoes from Salida down to Trading Post.) Race times varied from 31 to 38 minutes for the long race and from 9 to 12 minutes for the sprint. Jeff Owen set both fastest course times in his OC-1F14 boat: 30:59 in the long race and 8:44 in the sprint. Descriptions of the course and area and detailed race results are given in the files on www.wwocd.org Thanks to Nate Lord for hosting this event (pictured below with son Bryant).
